The School of Medicine seeks to impart students with a firm grasp of mental and physical health by basic and clinical studies. To accomplish this goal, the school offers a 4-year program in basic human science and clinical science. The first year of the program is devoted to a basic medical course such as Anatomy, Physiology, Biochemistry, Histology, Embryology, Neurology Genetics, Pathology, Pharmacology, Microbiology, Immunology, Preventive Medicine, and Parasitology. During the next three years, the students are trained to gain expertise in the various clinical subjects.

Degree Requirements

Year 1

The first year of program requires 45 credit hours of 30 class courses consisting primarily of basic medical sciences. The courses include Anatomy, Physiology, Biochemistry, Histology, Embryology, Behavioral Science, Genetics, Pathology, Pharmacology, Microbiology, Immunology, Preventive Medicine, and Parasitology.

Year 2

The second year program mainly contains clinical lectures and practice. Students are asked to register for 46 credit hours of 25 class courses.

Year 3

The third year program mainly contains clinical clerkships. Students are asked to register for 46 credit hours of 12 class courses.

Year 4

The fourth year program contains clinical clerkships. Students are asked to register for 46 credit hours of 31 class courses.

Courses

Year 1

Anatomy, Physiology, Biochemistry, Histology, Embryology, Neurology, Immunology, Pathology, Pharmacology, Microbiology, Preventive Medicine, Parasitology, Genetics

Year 2

General Surgery, Infectious Diseases, Allergy & Immunology, Endocrinology and Metabolism, Hematology Oncology, Nephrology, Uro-Reproductive Medicine, Neurology, Cardiovascular Disorders I & II, Pulmonology, Gastroenterology I & II, Medicine for Fetus, Neonate and Mother I & II, Dermatology, Anesthesiology, Medical Ethics, Forensic Medicine, Psychiatry, Musculoskeletal, Disorders, Ophthalmology, Otolaryngology, Clinical Pathology, Diagnostic Radiology, Emergency Medicine, Healthcare Management, Medical Law and Regulation, Family Medicine, Medical Engineering

Year 3

Internal Medicine Clerkship (Hemato-Oncology, Nephrology, Cardiology, Pulmonology, Gastroenterology, Endocrinology, Infectious Disease, Rheumatology), Surgery Clerkship, Pediatrics Clerkship, Obstetrics and Gynecology Clerkship, Neuropsychiatry Clerkship, Medical Humanities Selective Advanced Selective in Medicine

Year 4

Diagnostic Radiology Clerkship, Neurology Clerkship, Emergency Medicine Clerkship, Anesthesiology Clerkship, Neurosurgery Clerkship, Plastic Surgery Clerkship, Orthopedic Surgery Clerkship, Thoracic and Cardiovascular

Surgery Clerkship, Otolaryngology Clerkship, Ophthalmology Clerkship, Urology Clerkship, Rehabilitation Medicine Clerkship, Family Medicine Clerkship, Dermatology Clerkship, Pathology Clerkship, Community Medicine Clerkship, Community Hospital Clerkship, Comprehensive examination of Clinical Medicine
